TEXAS WELL OWNER NETWORK PROGRAM

The Texas Well Owner Network (TWON) program is a free, educational training for Texas residents who depend on household wells for their water needs. TWON is for private well owners who want to become familiar with groundwater resources, septic system maintenance, well maintenance, water quality and water treatment. Private well owners are independently responsible for monitoring the quality of their wells. Essentially, they are the operators of their own water system and are responsible for ensuring that their water is safe.

BRING YOUR WELL WATER SAMPLES!

Well owners may bring water samples the day prior to the event (Wednesday, November 3) to be screened for nitrate-nitrogen, total dissolved solids (TDS) and *E. coli* bacteria for \$10. Pick up approved sample containers with instructions at Guadalupe County Texas A&M AgriLife Extension office, 210 East Live Oak Street in Seguin.

Samples and payment of \$10 are due at 10:00 a.m. on Wednesday, November 3.
